Features Summary

- **Acer EcoDisplay management**

The V193 is EcoDisplay-Ready, complying with Acer's commitment to carry out product design and materials management distinctly meant to reduce environmental impact. EcoDisplay-ready LCD monitors have achieved environmentally friendly design status in the following ways:

  - o Capacity for product recycling
  - o Proper management of restricted substances
  - o Power-saving design, integrating 2 lamps.
  - o Product thinness and minimalist packaging design

- **Brilliant color with crisp results**

The generous **contrast ratio of 50,000:1** creates crisp images and detailed data results.

- **Solid and ergonomic design**

The smart and slim **48cm** (19") square display is cased within **an attractive black chassis** which is easy to integrate into any modern office or home environment with space limitations.

- **Environmentally friendly** the Acer V193 display consumes 50% less energy then any standard display. Tested and certified according the Energystar 4.1 standards for lower power usage during on/off and sleep work modes.

- **Acer eColor Management**

The acer Empowering Technology enables users to fine-tune and personalize the display settings by **redefining the color precision** according to the work mode whether data, media, cinema or images.

- **Acer eDisplay Management**

Acer eDisplay Management is a powerful display tool enabling advanced **color calibration** and display management for previewing and adjusting all settings enabling winning results!

- **High quality and long term viewing**

The V193 integrates only Class A panel guaranteeing a consistent image, also certified by **TCO 03** and **ISO 13406-2** qualifying the display as high quality in terms of design and performance.
